QUAY'S LATEST MOVE.

for Pennypacker. LITTLE "BOBBY" LINTON

Others Sent Out As Agents for Quay The Old Man As a Strike Settler.

HARRISBURG August 26 -Little Bobby Linton, of Philadelphia, has been sent out to tell the Independent Republicans of Pennsylvania what a fine old man Pennypacker is "Bobby" is an "amoosin little cuss," as Artemas Ward would say, for he is as solemn say as little of Quay as possible, for he the last two sessions cf the legislature, of which he was a member He vigor ously applauded George Nex McCam of the Pailadelphia Press, every time George would emphatically, and even profanely, denounce Quay While it is hardly possible that George Nix has changed his opinion of Quay, he has been fixed in some way so as to go along and faintly praise what he so recently damned

' Bobby" Linton was, no doubt, sin eare in his opposition to Quay's cor runt schemes as long as he was free to do as he pleased, but now his personal interests are so much better served by aising Quay's man, Pennypacker, that he is willing to smother his con science stultify himself as a time server and convict himself of being dishonest now He is trying to con delphia on the 3 ! of September to en the superior of Webster and Clay, when every sensible man who is at all the state knows that he is the most

Republicans are like many of those in Shoit Cartwright, of Hopewell and Philadelphia and Pittsburg willing to Miss Golda Fink, daughter of Mr swear that a thing is vile to day and oneh particulars of the girl's disappear It cousiness of the convention being and Mrs Samuel Fink, of Yellow good to morrow The well meaning ance, but we have not yet heard from Creek, were united in holy matrimony Republicans of the state know all him the Lutheran parsonage, South Rich st fle their consciences by the pay

change the mind or purpose of one of them The man who thinks he is op onsistency as well as good sense The thousands of Republicans who want to see Pattison elected governor must, if consistent, want to see him strengthened by a friendly legislature and if they have no chance of electing Rapublicans who will oppose machine corruption they should help to elect do a great deal of good in a negative ture, he would be powerless to bring about any of the reforms which are so urgently demanded He could veto the corrupt measures which a Quay but he would be helpless as far as hav

legislature would be certain to pass, ing any of his recommendations carried out The Democrats have been unusu ally careful in trying to select honorable men as candidates for the house and senate and if any reform is to be expected it is evident that the good men of the state must look to these men for it Republicans who want to see Pattison elected must, from the very nature of the case, want a legis

every needed reform Since Quay failed to force Governor Stone to withdraw the troops from the coal regions and say that it was done at the solicitation of those pure mind ed statesmen, Penrose and Quay, he is rying to make stappear that he is both willing and able to settle the coal William and Adam, of Duncansville strike as a moment's notice, if they Mrs Lucinda Whysong of Eldorado will but submit the matter to his high ness. When the strike is about ready o settle itself we may look for Quav to poke in impudently and claim the credit. No doubt his favorite plan of settling would be if he dared to pro claim it to allow all the Chinese who and during her illness of three years, would profess Christianity to come to our shores This was what he advo cated in the senate Under such a law every Celestial in the Chinese empire would declare himself a Christian, if yard he wanted to come here What have the workingmen to say to a man who wanted r law passed that would place an Asiat claborer at every American workingman's door?

It will be a sorry day for the counry when machine politicians are permitted to settle labor troubles politics would grow a little dull and politicians would desire to cover up some particularly dirty work, they ordered that a former decree made to would scheme to have a strike maugurated that they might get credit of set tling it and blind the people to their crooked work Superintendent Baer, of the Reading railroad and one of the large operators, takes no stock in settlements that are made for political buncombe and refuses to have any thing to do with Quay and Penrose. who have no other possible motive ax evil He might say to them as did Senator Focht to the Pittsburg politi cians when he said the ripper bill was passed in order to enable them to plunder their city and they ought to be

The Trusts Are Growing Richer at the Expense of the People. While the Republicans are flooding the country with figures on prosperity it might be well to see who the prosperous are. The steel trust is making money at the rate of \$140,000,000 year. No one will deny that that is prosperity.
